

CHERRIES Newsletter #10 - May 2022

[View this email in your browser](#)

Dear reader,

We are excited to share with you the programme of CHERRIES Conference 2022 "[Connecting Responsible Innovation Ecosystems](#)".

In three weeks, **on May 25th, CHERRIES Community will gather in Brussels for a full day event** dedicated to explore innovation, sustainability, and regional approaches to smart specialization.

We will tap into the experiences of the CHERRIES pilots in the healthcare sector, capturing insights and reflections from different stakeholders' perspectives. Through engaging workshops, we will explore the "next generation of CHERRIES-model", by integrating transition management thinking into Open Innovation 2.0 approaches.

Organised back-to-back to the EBN Annual Congress 2022 | Transition Towards 2030, CHERRIES conference will see the participation of regional and European policy makers, researchers, innovation experts, entrepreneurs, incubators, CSO representatives that will join panel discussions, pitching sessions and keynotes.

Check out the event's details and make sure you **reserve your seat** by registering your interest through this link: <https://ti.to/ebn/cherriesconference>.
